Adelaide City

Adelaide is one of Australia's most affordable cities; costing 19% less to live compared to Sydney and Melbourne, and around 7% less than Brisbane and Perth. Students in Adelaide are welcomed into a multicultural community; enjoying life with a low cost of living.

INTERNATIONAL EXPOSURE

Being an international student, when you travel to Adelaide, you get an exposure to prestigious universities and education providers. The city boasts some of the best universities that promotes an environment propitious to excelling in studies and also have a strong representation of international students.

PART-TIME JOB OPPORTUNITIES

As an international student, you'll also have opportunities to work for 40 hours per fortnight during your semesters and full-time during semester breaks.

Bangkok City

UNIQUE DESTINATION

Spice up your student life by studying in the Land of Smile for a semester or for an entire degree. Develop borderless networks of friends and collect unforgettable memories from an exotic place

AFFORDABLE

Studying in Bangkok is financially attractive as tuition fees are very competitive and the cost of living in Thailand is more affordable than most other destinations of comparable living standards.

INTERNATIONAL EXPOSURE

If you are looking for a truly international experience. Located at the cross-road of Asia, Bangkok is a truly cosmopolitan city where every culture mingles in a colorful global community.

FIRST-CLASS FACILITIES

Apart from learning from qualified professors, students thrive in their studies as they have access to a state-of -art library: equipments and a friendly campus.

Dubai City

Its strategic location and multi-cultural atmosphere make Dubai a fascinating environment in which to study. The advantages of an ultra-modern city, with excellent infrastructure and a vibrant youth culture, have helped ensure that higher education in Dubai has grown dramatically over the last decade.

EXPOSURE FOR INTERNATIONAL STUDENTS

Quality higher education opportunities in Dubai, which build skills essential to drive economic growth and development, equip young people with choices that shape their future.

AFFORDABLE STUDY

Among many other benefits, tuition fee is one of the major benefits of studying MBA in Dubai where every year thousands of international students flock down to pursue their study. Besides being an affordable destination to pursue higher study, Dubai also has a wide range of scholarships on offer for domestic as well as international students.

Singapore City

Singapore is emerging as a popular destination to study among the international students. In today's relentlessly innovating global economy, knowledge is not pursued in isolation. Singapore known for its vibrancy and numerous tourist destinations has some of the top universities of the world. For higher education, large number of overseas students comes to Singapore to enroll themselves in the colleges and universities of Singapore.

HUB FOR EDUCATIONAL EXCELLENCE

Over the years, Singapore has evolved from its traditional British-based education system to one that endeavors to meet the needs of individuals and seeks to nurture talents.

A MULTI-CULTURAL NATION

The Nation's rich multi-cultural heritage is highlighted through the various ethnic groups (Chinese, Malays, Indians, Eurasians) living together. Singapore's high standards of living also something that student can be assured of.

CHANDIGARH

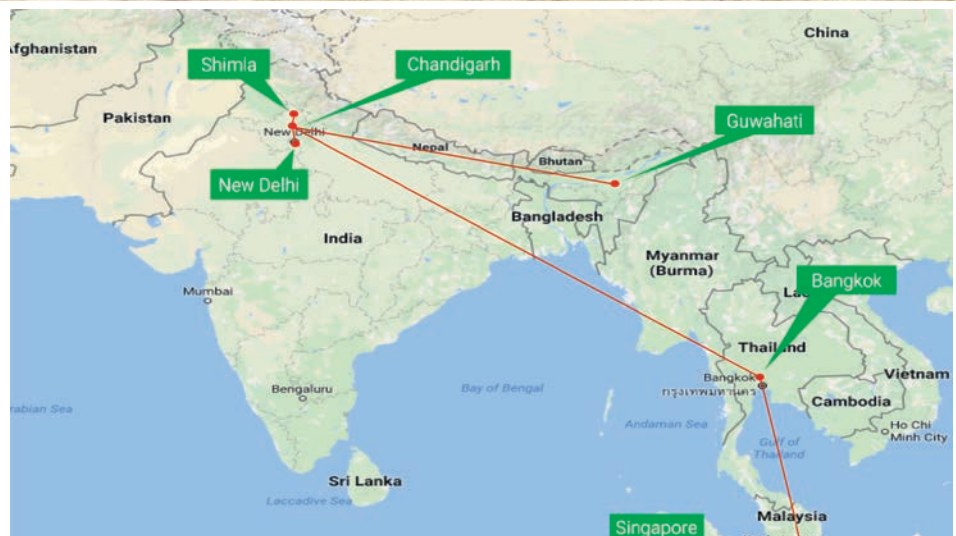

The City of Gardens & Education

Through case studies and term projects students have the possibility to benefit from faculty's unique insight and experience.

Corporate Speak

"I had an awesome time with the staff and the students. Looking forward to visit again soon. Loads of best wishes."

Rj Manav, My FM 94.3

"It is indeed nice to be here. An oasis where one can find fruits of labour and rewards of hard work."

Man Mohan Singh, Aroma Group of Hospitality

"One of the institutes I would like to recommend. Great hospitality and great initiative to make the students as we make of what india is. Thanks to the faculty and special thanks to director. Best of luck and best wishes."

Rakesh Vats, Emerges Hotels And Hospitality Management Services Pvt Ltd

"Extremely well behaved students, which is very impressive. Thank you so much for giving so much attention and i wish all the best to the institute."

Ritu Singh, J W Marriott

"It was a sheer delight to be with young people. Thank you for the opportunity."

Shaju Peter, Director, Rotary Leadership Academy

"Having had a fabulous experience with the students of the college, who have worked with the taj hotels as employees over the years, HCMI continues to be a preference for campus interviews. I am glad to notice that of anything, the quality and caliber of the college has upped several notches. So very swell done and do keep up the excellent academic work."

Ajit Pavithran, Taj Group Of Hotels

"It was a wonderful to be part of the valedictory celebrations. Also, it was a great experience to see such a lovely bunch of aspiring hoteliers. All the best to all of you as a great job done. keep it up."

Partha P Nag, Aloft Hotels

"It was a pleasure attending the event. It was excellently planned and the talent show amongst the students was of a very high stan-

dard. It reminded me of my college days. I am sure the college would be a force to reckon with in times to come."

Sabyasachi Chatterjee, Hometel

"Great to see another school of hospitality leading with the universal requirements of hospitality and catering industry. Thanks for the hospitality and sharing the passion. Best of wishes."

Glenn Stridiron, Southern Institute of Technology

"We enjoyed meeting with your students, we are sure that some of the will be working with us shortly, Ours is a people business and to spend quality time with you helped me understand more about employee's and guests. We look forward to remain in touch with you."

Armando Kraenzlin, Regional Vice President, Four Seasons Hotel

"It is a good beginning of a corporate partnership. We will do whatever we can to assist you to deliver excellence in your students."

International Exposure & Internships

We strongly encourage our students to broaden their outlook and experience. It is compulsory for the students to go on internship as required from time to time during their course.

Every student goes for industrial training for 3-6 months. We ensure that the Industrial and field visits are oriented towards exposing the students to all facts and aspects of the industry. By participating in live project, seminars, Industry presentations, study trips and industry visits, the students broaden their horizon. The training managers from various hospitality corporate are actively involved in interacting with the students. They also lend their support and encouragement to that the Human Resource that is available, is of high quality and of relevance to the needs of the industry. We have tie ups with leading hotels and are expanding our industry linkage. We have also tied up with international Chains for providing Internships to the students. The Tie up's are in various countries such as USA, Canada, UK, Middle East, Australia, South East Asian Countries. Students are separately groomed & trained for conducting the internships internationally. However there are certain fee and tests which the candidate has to bear at extra cost.

International Alliance Offices in :

Organised North India's Largest JOB FAIR in Chandigarh.

More than 400 students from 20 Hospitality Schools appeared for the interviews.

Leading Companies Like Ananda in Himalayas, Hyatt Hotels, Taj Group, Oberoi Hotels, The Lalit, Jet Airways, Lemon Tree, Sarovar Hotels, Ramada, ITC Welcom Group, Radisson Hotels, Club Mahindra and many others recruited more than 320 students on the spot letter and further interview call letters were issued.

Placements with Leading MNCs

Vidya Jyoti Educational Society (VJES) is a member of CII, FHRAI, PHDCII, EPSI. The Institute has tie ups with various leading organizations worldwide for placing the students. VJES arranges campus interviews with leading companies primarily Hospitality, Traveling, Airlines & Multinational so that the students get best offers. What they experience is a

well paid Job at a designation and a place of their choice. Students don't have to experience the job search grill after they pass out.

More than 5800 students have Graduated and working with Best Companies worldwide.

Fun & Learn

OPENING UP YOUR WORLD

We help you prosper and move out of your cocoon by opening up your world to a new land of opportunities. Meeting new people can be quite daunting, but we make this process easy for you; as we have students from more than ten different nationalities studying with us. You can easily start to make new friends by attending orientation and interacting with other students.

MAKING YOU RESPONSIBLE

Starting with us makes you independent and responsible. Right from leaving home to reaching us will be a first learning experience. You will be able to make your own decisions and will learn new ways of life.

NEW WAYS OF LEARNING

The unique aspect of studying @VJES is the personalized attention you will receive from your trainer in order to create a favorable environment for learning, we limit our classroom size to maximum of 30 students. This ensures that we look after all of your educational needs to your satisfaction.

Events & Activities

You will be part of fun & activities which helps you in lateral thinking and gives you hands on exposure with organizing food festivals, theme events and management, business & leadership activities.

STUDENT'S SPEAK

After I completed my school levels, I wanted to enroll myself into a Hospitality Management Degree program in the local university but I realized there were few choices around and I don't really like the modules in their program. The modules in HCMI hospitality program is the main reason why I chose to enrol into HCMI. The lecturers in HCMI are very professional and they are always sharing their vast industry experiences in the Hospitality Industry.

Vishal Sharma, Himachal Pradesh

I visited many colleges in search of a college with good, reputable Degree in Hotel Management and I came across HCMI which offers a Bachelor's Degree in Hotel Management from PTU. Upon further research, I realized that HCMI has good reputation in grooming students to be industry-ready upon graduation. The staffs and lecturers here are very kind, understanding and most importantly, they displayed professionalism in hospitality.

Hriday Bora, Guwahati, Assam

The VJES induces a "Family-like" culture, where the lecturers and administrative staffs has a close personal touch with the students and are always there to lend a helping hand to us. Being in a class with classmates from different nationalities and backgrounds gave me to know and understand people and their cultural differences, I believe this will help me, one way or another, in future especially in the working world.

Julia, Manipur

After my schooling, I was searching for a college with good education pathway in Media Industry and I came across VJES. I just started my class a few weeks ago, the college's "Open-Door" culture has enabled me to adapt and blend into the college environment quickly. The lecturers and administrative staffs in VJES are very approachable and helpful towards our inquiries. It was a wonderful time in my life, and the best educational experience I've had.

Gurleen Singh, Punjab

HCMI is located in a great location in short radius to all the main points of interests. At HCMI from your first day there you could notice that the staff and the students will all be friendly and by the end of the week you will know them very well. This is a very key important characteristic that will help International students who are leaving home for the first time, as at HCMI you will feel comfortable of having a social life. As the Tourism industry is all about multicultural environments, so at the end of your course you will be comfortable and confident with working

with people from different environments.

Kensum, Arunachal Pradesh

My journey with VJES has been great and at the same time challenging as well with lots of ups and downs. I remember how nervous and lack of confidence I used to feel when I had to sit for any interviews. But as time passed on I learned a lot through various mock-drills and regular interactions and presentations in front of the faculty members I gradually became more and more confident. I appreciate the efforts of the placement department and excellent faculty members who have helped me to shape up my career.

DK Darishang Maring, Nagaland

The Hospitality Management Program gave me the knowledge and experience to build my career. I was able to take the education to complete my skills. I learned about all aspects of business in hospitality. Along with my genuine love of food and wine, my focus on customer service and a positive attitude have made me a tremendous resource for the hotel.

Akshay Vats, Haryana

Blessings come to people in different ways; mine was graduating from VJES as Medical Laboratory Scientist. Not only I was educated and mentored by qualified professors but also met great colleagues and friends along the way. I was taught by experienced staff, which made science sound like entertainment. One thing I want all of you to be sure about; if the time just could go back, I will definitely choose nothing but the VJES.

Balogun Olaitan, West Africa

Living in Bangkok and being aware of all the Tourism based developments going around my country, I grew curious and wanted to find out a bit more about the industry. I then searched online and found HCMI and went through their programs. I would recommend HCMI to all potential students who are interested in entering the Tourism Industry. Here you will also give you the opportunity to experience living in this Multicultural, colourful, bustling city.

Kannatee Pakeeissara, Thailand, Bangkok

SUCCESS STORIES

I joined HM College in Bangalore but had to quit in between due to family problem and then I came to know about HCMI they really helped me and I was able to complete my graduation with the guidance of the faculty of HCMI. I am now doing my master in university in London UK. I am really grateful to HCMI, Chandigarh.

Gaurav Gulati

Ambala-Presently in London UK

I did my Hotel Management graduation from HCMI, Since I belong to defence family, I decided to join armed forces, and Hotel Management helped me develop my confidence, personality, communication skills, and qualification. I am really thankful to the management of HCMI for providing me the right environment to build myself,

Sameer Sharma

Ambala

I did my Diploma in Food Production from HCMI. The faculty and infrastructure was very good after the course I was successful in getting a work permit from Canada. I am now well settled in Canada and working as a Chef. During my studies in HCMI, I was not only given technical knowledge and practical's Skills. We were also told life skills which have really helped me settle in Canada, today I have global exposure and job offers. My other classmates who are also settled in various countries give good networking. All the credit to Hcmi Team at Chandigarh, Keep it up....-

Chef Jagdeep Singh Mann

Presently in Canada

S U C C E S S

After doing my Diploma in Hotel Management from Switzerland. I joined HCMI for my Graduation. I completed my graduation and during my final semester, I got offer for a work permit in UK and now I am settled in UK. The quality of education was no where less than International standards. -Ashish Bansal, Derabassi-Presently in UK

On completing my one year Diploma in Hotel Management and also Certificate III in hospitality examination from HCMI, on guidance of HCMI, I applied for permanent residence to Australia. I got my Permanent Residency. Now I am well settled in Melbourne, Australia. I owe this to HCMI; I would like to thank HCMI on behalf of myself & my other classmates who have same stories to tell.

Chef Amanvir Singh

Chandigarh-Presently in Melbourne, Australia

I am presently working with compass group UK, world no. 1 leading catering company presently based at Sydney. I owe this success to HCMI, when I joined them 2004 I was quiet confused and depressed. I had already wasted one year after 10+2 but with guidance of HCMI, me and my parents are well settled in Australia now. I have got my permanent residence. I am confident that HCMI will also help other candidaytes to be success stories like me.

Chef Pawandeep Singh

Further Education Options:

- After Bachelor of Medical Lab Science you can go for various courses like MMLT, M.Sc Clinical Research and many more

JOB AND AVENUES

- Systems Analysts
- Technical Executives
- Medical Technicians
- Lab Technician
- Own Clinic Lab under the supervision on Pathological Doctor
- Join Forensic Labs
- And Many More...

Masters of Science in Medical Lab Science (Biochemistry)

Eligibility: Graduate in BMLT/BMLS |

Duration: 2 Year | **Training:** 6 Month on job training during the course

Member

SUBJECTS:

- Analytical & Physical Biochemistry
- Enzymes & Metabolism (Theory & Practical)
- Statistics & Clinical Biochemistry Laboratory Management (Theory & Practical)
- Analytical & Physical Biochemistry Laboratory Management
- Principles of Biochemistry (Theory & Practical)
- Vitamins, Hormones, General Physiology and Nutrition (Theory & Practical)
- Organ Function Tests (Theory & Practical)
- Clinical Biochemistry (Theory & Practical)
- Molecular Biology (Theory & Practical)
- Dissertation

JOBS AND AVENUES

- Laboratory Manager
- Medical Technicians
- Lab Technician
- Pathology Supervisor
- Own Clinic Lab
- Join Forensic Labs
- And Many More...

CAREER SCOPE:

Medical technologist profession is integral to practicing the medical profession. After completion of Master in Medical Laboratory Science (MMLS) course, individuals are likely to get challenging jobs in both the public and the private sector. The scope for medical technologists is on the swing-up owing to the expansion of the healthcare industry in India. There are immense opportunities for degree holders in private/government hospitals, pathology laboratories, blood banks and nursing home centers.

Major areas of employment for Master in Medical Laboratory Science (MMLS) graduates would be in the departments of Microbiology, Mycology, Haematology, Biochemistry and Pathology in :

- Blood banks
- Hospitals
- Emergency Centres
- Doctor's Clinics
- Pathology Labs
- Health Care Departments.
- Educational Institutions
